Volleyball Australia Rising Stars National Talent Development Camps 2017

COACH DEVELOPMENT OPPORTUNITY CANBERRA 21ST - 23RD JULY 2017

To Whom It May Concern:

The Volleyball Australia (VA) Australian Institute of Sport (AIS) Centre of Excellence wishes to extend an offer for interested coaches to participate in the VA Rising Stars National Talent Development Camp in Canberra on the 21st - 23rd July 2017. The link to this invitation can be found here: [Coach Development Information - Canberra 2017](#)

The camp will be a combined camp for both girls and boys. The camp will be held at the AIS Volleyball courts (Leverrier St, Bruce)

The coach component of the camp will be approximately as follows;

- 21st July - 6-8pm Evening meet and greet Camp brief and introduction to coach development
- 22nd July - 8am - 3.30pm including court sessions and coach development sessions
- 23rd July - 8am - 12.30 pm including court sessions and coach development sessions

The camp will consist of high-level trainings with emphasis placed on developing strong technical skills and introducing fundamental game tactics.

The camp provides a valuable opportunity for you to further your own coach development. Not only will you be able to participate in the physical testing regime and facilitating of the court sessions, a range of coach development sessions will also be conducted. The coach development sessions will be in line with

current best practices from the AIS High Performance Coaching and Leadership Centre and the Volleyball Australia National Team Program.

For athletes and coaches these camps form the entry level of the Elite Development Pathway and an important step in continuing the pathway for those previously identified or engaged with the program. There is no cost for coaches to participate as we feel participation in this camp will provide an invaluable experience, as the Rising Stars program is a vital part of the Elite Development Pathway. Outcomes of this camp will be invitations to athletes and coaches to attend a National based camp such as a post AJVC or post AVSC Rising Stars camp and consequently International Touring opportunities.

The primary focus of this camp is for athletes 11 to 20 years of age. Other targeted athletes may also be invited at the request of National Program Coaches. There will be a nationally standardised approach to the development of all athletes at this camp through adherence to the VA AIS Centre of Excellence technical development and National team's systems of play.

If have any further questions, please email us at brendan.garlick@avf.org.au or martin.collins@avf.org.au
We ask you to complete this online form to confirm your acceptance of a coaching position at this camp
